

MGNIRSA

Mahatma Gandhi National Institute of Research and Social Action (MGNIRSA) was established by Dr. D. Swaminadhan Research Foundation (DSRF) in 1995 to fulfill the objectives. The proposal for establishing MGNIRSA at Hyderabad has been accepted by the State Government and land is provided for developing its campus. MGNIRSA has been recognised by the University of Mysore as a Research Centre to offer Ph.D programmes in certain areas in Sciences, Engineering & Technology and Social Sciences. Jawaharlal Nehru Technological University Hyderabad (JNTUH) also entered into a MOU for offering Ph.D and other PG Degree programmes. Andhra University, Visakhapatnam has recognized MGNIRSA as an Advanced Research Institute for offering Ph.D and other P.G. Programmes. The Institute is planned to become a Deemed to be University in course of time. MGNIRSA is recognized by UGC & included under sections 2(f) and 12(B) of the UGC Act. MGNIRSA has a number of Schools and Centres.

School of Rural Advancement

Local and regional approaches, while thinking nationally and globally as well, are equally important and relevant in the development process. In this approach for rural advancement, social action effort backed by institutional support involving socially committed, dedicated and innovative scientists, technologists, and social scientists will be more effective and fruitful. With this objective in view, the Mahatma Gandhi National Institute of Research and Social Action (MGNIRSA) has set up the School of Rural Advancement (SRA).

Centre for Consultancy

The Centre for Consultancy of SRA will offer Consultancy Services in the following areas:

1) Rural Institutions, Good Governance and Decentralised Planning; (2) Research Methods and Quantitative Techniques; (3) Natural Resource Management; (4) Economic Analysis, Project Planning, Monitoring and Evaluation; (5) Human Resources Development; (6) Gender Mainstreaming; (7) Equity and Social Development (including issues related to welfare of SC/ST and Forest Rights Act); (8) Agriculture and Allied Activities Mechanized farming; (9) Horticulture, Vegetables and Milk Products; (10) Mission "KAKATIYA"; (11) Rural Infrastructure; (12) Corporate Social Responsibility; (13) Rural Micro-enterprises; (14) Community/Social Mobilisation and Social Audit; (15) Rural Technologies; (16) Rural Credit; (17) Poverty Alleviation; (18) Micro-Planning; (19) Forest based livelihoods and Non Timber Forest produce (NTFP); (20) Health for All; (21) Clean Technology and (22) Air and water Pollution.

National Workshop on Mana Ooru Mana Pranalika (Our Village Our Planning)

28th – 30th, April, 2015

Venue

Dr. Marri Channa Reddy Human Resource
Development Institute, Jubilee Hills, Hyderabad

I have believed and repeated times without number that India is to found not in its few cities but in its 7,00,000 villages. But we town - dwellers have believed that India is to be found in its towns and the villages were created to administer to our needs. We have hardly ever paused to inquire if those poor folk get sufficient to eat and clothe themselves with and whether they have a roof to shelter themselves from sun and rain.

m. K. Gandhi

'Harijan' dated 4th April 1936

Organized By:
SCHOOL OF RURAL ADVANCEMENT (SRA)
MAHATMA GANDHI
NATIONAL INSTITUTE OF RESEARCH AND
SOCIAL ACTION (MGNIRSA)

Street No. 17, Domalguda, Hyderabad-500029. A.P.

Preamble

The Telangana State is newly formed 29th State which came into existence on 2nd June, 2014. Mana Ooru Mana Pranalika is the brainchild of **Honourable Chief Minister Sri K. Chandrashekar Rao**. This unique program intends to give a new dimension to development planning. Instead of planning about various development activities and making budgetary allocations at the highest level of government, this novel program attempts to get inputs from the village level. The program intends to carry the felt needs of the villagers to democratize development planning and increase transparency in government spending. This program also aims to strengthen grassroots democracy by empowering gram panchayats. Data was collected from each gram panchayat in Telangana, their needs were assessed and included in the budgetary allocations. All the State Governments may emulate this approach.

The Ministry of Rural Development and Government of India has directed all the Honorable Members of the Parliament and Members of the State Legislative Assembly of all 29 States of the Country for **VILLAGE ADOPTION** and **TRANSFORMATION OF THE VILLAGES**. As a result of which a sizeable number of philanthropist, Cricketers, Cine actors and big business man evinced keen interest on village adoption and development. A Special Cell is created to monitor and evaluate the progress of work under MPLAD and MLA funds.

It was noticed that Honorable Members of Parliament and Members of State Legislative Assemblies expressed the need for consultancy services on several aspects of Rural Development. In this context the Centre for Consultancy of the School of Rural Advancement will cater to this requirement.

The School of Rural Advancement of Mahatma Gandhi National Institute of Research and Social Action (MGNIRSA) is organizing the three-day Workshop on Mana Ooru Mana Pranalika during 28th – 30th April, 2015 to Cater the needs of the Honourable Members of Parliament, Members of Rajya Sabha and Members of the State Legislative Assembly of Telangana in addition to the MLC's of the State.
